

Measham Medical Unit

Village Information Poster for APRIL

WASTED: £2500 Each month we have medication returned to the Unit, sometimes the value of which is in the £1000s – a huge cost to the NHS. You can help by only requesting repeat prescriptions which you actually need. Please make sure your repeat medications ordering slip is accurate and kept up-to-date.

DID YOU KNOW? You can order repeat medications, book appointments and view your summary medical information on our website. All you need is a pin and password from us all you need to do is ask at reception and bring along some photo ID next time you are at the Medical Unit.

We are open on Saturday mornings from 8am until 11:50am for emergencies- please telephone the surgery first.

We also deal with minor injuries during our entire opening hours.

Also, if a Doctor or a Nurse asks you to have a blood test you don't need an appointment. We have an open access service every day from 08:00 until 10:30.
